

With Axe And Tax Hon. Philip Snowden Balances British Budget

London, Eng.—With axe and tax Hon. Philip Snowden, Chancellor of the Exchequer, balanced the British budget. It was eminently a budget of national sacrifice. Its widespread net was flung over rich and poor alike.

It caught the drawer of the date stamp at a 10 per cent reduction in benefits. It hit the insured worker with a demand for increased contributions. It cut school teachers' salaries 10 per cent. It hit police, recruit and defence service, cut the salaries of members of parliament and judges on the bench. It raised the income tax 12 cents on \$5.

The standard income tax rate was up to \$1.25 on \$5. It reduces income tax exemption of both married and single. It adds 10 per cent to the surtax. It imposes higher duties on beer, tobacco, snuff, petrol. It brings even the lowest priced entertainment within its sweep. From the aided show now pays a one-cent tax.

"This is one of the most remarkable tasks that has ever fallen to me in my life," said Mr. Snowden, as he gave his statement. "It is a task to call upon people to make sacrifices or bear additional burdens and judge on the basis of the results."

It is the consequences that justify the sacrifice is necessary, that these burdens are necessary to avert, far greater burden makes my task the more tolerable."

Mr. Snowden, now 61 years of age, has been in the House since 1905 in a hubbub with rapid fire questions. Answered after minister was asked to answer, the Labourites ironically charged. It was from the Liberal and Conservative ranks that Mr. Snowden received applause such as few chancellors receive. The faint challenges of his final sentence, come the world against us, England, yet shall stand," brought them crowding to the front bench to cheer or contradict.

It was a grave story he told—the estimated deficit this year was \$270,000,000, and next year \$200,000,000. "The country must face up to its position," Mr. Snowden declared. "It is the only way to get on with nervous friends. And I am going to do it."

It is the situation, however, that no more borrowing for the payment of unemployment benefits when the present borrowing power has been exhausted, he said.

He proposed to reduce the deficit in the next year by \$200,000,000. He proposed to reduce the deficit in the next year by \$200,000,000. He proposed to reduce the deficit in the next year by \$200,000,000.

Canada Favours Arbitration
Would Support Principle Of Mr. Justice
Geneva, Switzerland.—Canada's support for the principle of arbitration, security and disarmament, the French formula was announced to the assembly of the League of Nations at Geneva. It is Canada's principle of justice.

This support, he said, would be in the nature of a pledge that Canada would in whatever plan may finally be agreed upon.

Canada is in no wise a militaristic nation and Canada's armaments are practically negligible, he said.

DIABTIC ECONOMIES

Mr. Hon. P. Snowden, Chancellor of the Exchequer in the British National Government, whose budget speech gave details of new taxation.

To Assist Agriculture

Formation Of A National Agricultural Council Is Recommended
Regina, Kas.—The formation of a National Agricultural Council in the British National Government, whose functions would include a thorough and continuous study of agricultural and the marketing possibilities in Canada and foreign countries, was approved by the agricultural committee of the Canadian Chamber of Commerce here.

The activities of the agricultural committee followed a day devoted to a discussion on "what is a sound policy for Canada's agriculture."

Premier J. B. Brownlie, of Alberta, and a number of noted agricultural authorities all told of the difficulties confronting the farmer of today. The number of the speakers attempted to define a cure for the situation all agreed that the agricultural committee of the Canadian Chamber of Commerce should be in service and two ships of the line in reserve, in other words "a navy."

Plans for a lower rate of credit for farmers was made by Premier Brownlie. There was something in this direction needed if Canada was to avoid a far more serious situation, he said.

The feeding of lower class grain to cattle, to produce first class livestock and dairy products instead of the farmer accepting a mere recognition for his grain on the foreign market.

Canada, Montreal, president of the Canadian Chamber of Commerce, said that his production, were suggested as means of helping Canadian farmers out of the present situation.

Will Continue Aid In West

United Church Of Canada Pledges Relief For Saskatchewan
Montreal, Que.—A new challenge to the Christian Church existed in the fact that "complete and extensive disaster had befallen the people of 40,000 square miles of southern Saskatchewan." Rev. William M. D.D., secretary, declared in addressing members of the United Church of Canada, Montreal, president of the Canadian Chamber of Commerce.

The Presbytery appointed a special committee to aid the relief of the disaster in the West. The committee was to help the farmer market his produce and a decrease in farm production, were suggested as means of helping Canadian farmers out of the present situation.

Police Radio

Alberta Provincial Police Radio Network
Edmonton, Alberta.—Alberta provincial police radio network will be extended within the next fortnight with the erection of broadcasting and receiving units in Great Prairie and Peace River. The addition brings the A.P.P. broadcasting units to five, excluding the northern points to Lethbridge.

Announcement of the extension was made by Commissioner W. C. Bryan, head of the force.

Saskatchewan Horse Win
Toronto, Ont.—George T. Fraser, of Toronto, took prizes for the best horse of any age and best mare three-year-old and over in the Peshawar yearling sale at the Canadian National Exhibition.

ANOTHER CIVIL WAR IN CHINA IS IN PROSPECT

Shanghai, China.—Only one month of peace has elapsed since the ill-fated rebellion of General Shu Shao-Bao was crushed in the north, but China is grinding itself for another civil war. With the entrance in Nanking, while repeatedly professing a desire for peace, is energetically preparing for conflict.

Meanwhile the national food relief commission approved the \$70,000,000 Mexican (about \$21,000,000 gold) program of Finance Minister P. V. S. Boag for the relief of China's destitute millions.

The activities of Chiang Kai-Shek, president of the Nationalist regime and commander of its armies, include what is preparing to strike swiftly and with the most formidable weapons as his command in the hope of cracking the insurgent forces and to penetrate far into Hunan.

Military experts expressed the belief that the Hunan struggle would be swift and sanguinary, since the enemy is easily aided and aided among the Chinese in offensive qualities.

German Fleet Below Limit

Could Have Twice As Many Ships
Under Versailles Treaty
Germany (Weimar)—The German armament showing an army of 100,000 men and 4,500 officers is published by the League of Nations secretariat.

Foreign Minister Julius Curtius in a foreword said that Germany had not yet been able to build her fleet up to the limit laid down in the Versailles treaty and that the report revealed "how meagre Germany's armament is compared with other states of corresponding territory and population."

The navy possesses for example only four commissioned ships of the line, whereas according to Article 181 of the Versailles treaty and the regulations of the inter-allied maritime commission six ships of the line should be in service and two ships of the line in reserve, in other words "a navy."

Trans-Canada Telephone

System Expected To Be Completed By December 1
Edmonton, Alberta.—The trans-Canada telephone system is expected to be completed by December 1, according to Hon. V. W. Smith, Alberta Minister of Telephones, who returned recently from the telephone conference of Canada meeting at Ottawa. The Alberta link from Calgary to the Pacific coast is the last link in the western section from Calgary to the Pacific coast. The Alberta link from Calgary to the Pacific coast is the last link in the western section from Calgary to the Pacific coast.

Receives Grain Award

Wins Alberta Championship For Best Field Of Grains In Province
Red Deer, Alberta.—Alberta champion of 1931 for the best field of grain in the province has been awarded to James Hallett, farmer of the Balmoral district. Hallett, whose farm is a few miles from Red Deer, captured the southern Alberta crown and his field was given top place in the whole province.

According to the judges Hallett's field of Manitoba wheat should yield 50 bushels per acre.

Beat Clours For Scotland

Port Arthur, Ont.—The freighter "Dewar" of the Newfoundland-Hallifax Transportation Company cleared from Port Arthur recently for Aberdeen, Scotland, with 1,600 tons of coal. This is the first boat this year to leave Port Arthur with a cargo direct for overseas. One boat left here for the Atlantic port last year.

When England Met A Crisis—And Won

Will Use Canadian Fuel
Winnipeg, Man.—Use of Canadian fuel has been decided upon by the Winnipeg School Board. Orders for 50,000 tons have been placed, 45,000 tons from Alberta, and 10,000 tons from British Columbia mines.

Here is a general view of the large crowd of Britishers who gathered in Downing Street, London, in which the Prime Minister has his official residence, on the eve of the British war effort.

When Ramsay MacDonald (right) left No. 10 Downing Street for Buckingham Palace, to confer with King George about the formation of the National Emergency Government, he was enthusiastically cheered by the great throng.

HEADS LEONARDAIRES

LATE ESTIMATE OF THE WESTERN WHEAT CROP

Ottawa, Ont.—The wheat crop in the three prairie provinces is estimated at 346,000,000 bushels, in a report issued by the Dominion Bureau of Statistics. This is substantially below the crop of 374,500,000 bushels in 1930. While there are bumper crops in central Alberta, there is a complete failure in some of the southern regions of the province. Higher wheat production is forecast for Alberta than in Saskatchewan, despite the fact that the seed acreage in Alberta was only half that in the other provinces.

"If the provincial estimates are justified by the out-turn it will be the first time that Alberta has been the leading wheat-producing province," according to the report. The total estimated yield of all the small grain crops, except fallow, is 1,000,000 bushels in 1931. In the maritime provinces, conditions and yields are very much lower than in Quebec.

The wheat harvest will be lighter than last year. Wheat, rye and barley production will be higher in Ontario but the later onset of rain and frost will reduce the yield in 1931. The grain harvest has been higher than in 1930. The grain harvest has been higher than in 1930. The grain harvest has been higher than in 1930.

Arctic Expedition

Wilkins Making Preparation For Early Return To America
Longspear City, Spitzbergen.—Sir Hubert Wilkins is overhauling and refuelling the submarine "Nautilus" in preparation for an early return to America, either direct or by way of Iceland.

The chief damage done so far to the Nautilus is the breaking of the mast by a violent storm. The radio apparatus also was damaged and repaired on the way back. The party expressed satisfaction with the working of its scientific instruments, especially the gyro-compass.

Members of the crew, branded and dirty, but smiling, lodged for several nights on arrival. They said that during the southwest trip from Spitzbergen the vessel rolled more than at any time since they left the United States, and that some of them were seasick.

Four Scottish Castaways Are Rescued By Canadian Vessel In Far North

Bonds Over Subscribed

C.N.R. Twenty Year 4 1/2 Per Cent Bonds Picked Up Quickly
New York, N.Y.—The demand for the Canadian National Railway Company 20-year guaranteed 4 1/2 per cent bonds offered recently resulted in subscriptions in excess of the initial \$15,000,000 offering and an additional \$20,000,000 of the bonds which the banking syndicate had under option. Accordingly, the closing of books on the entire authorized issue of \$35,000,000 was announced.

The heavy oversubscription of the issue was attributed to the recent scarcity of high grade bond offerings as well as to the attractiveness of the bonds, which carry the unconditional guarantee of the government of the Dominion of Canada.

Free Transportation For Settlers' Effects

Alberta Government Extends Time Limit To November 30
Edmonton, Alberta.—Free transportation of settlers' effects from the east of the province to the west of the province is extended to November 30, an extension of the time limit having been made by arrangement between the Provincial and Federal Governments and the free of charge to the settlers' effects as freight up to the end of September, but for the next two months to effect of October 31.

A touch of good fortune came to the settlers of the west. The loss of the dead man and ventured the name of Protherby Bay. There the intertidal for trade and provide comfort. The vessel was dashed to pieces on the rocks. All four were able to reach land.

A Rich Cold Mine

Month's Work In B.C. Produces Gold
Brick Worth \$16,000
Nelson, B.C.—A \$16,000 gold brick, representing about 26 days' clean-up, and the largest return to date for the short-space of operation, was brought to Nelson from the Reno gold mine by Superintendent V. V. Nelly. Added to the value of the brick will be a substantial sum for the concentrates recovered during the same period. Two days were lost when slight breakage occurred in the ball mill and two days were taken by the train.

Stock Shipped To France

Montreal, Quebec.—New development in Canada's overseas trade was ushered in this week when 150 head of cattle and 100 head of horses were shipped from Halifax, N.S., to Havre, France. The consignment will go by B.S. port line, and will be followed by a shipment of 100 head of cattle to Havre.

Fire At Ligon, B.C.

Vancouver, B.C.—Jumping from second-story windows of the Ligon Hotel, the flames which were completely wiped out the hotel and main business section of Ligon, B.C., picked up the flames which were completely wiped out the hotel and main business section of Ligon, B.C., picked up the flames which were completely wiped out the hotel and main business section of Ligon, B.C.

Ottawa, Ont.—The rescue of four Scottish castaways, marooned for many months on the shores of Protherby Bay, the deep inlet which cuts into the south-eastern portion of Baffin Island, was accomplished by the Canadian Government vessel, the "Thetis," Thursday, Sept. 10. Such a rescue mission, involving a long and arduous journey, was never before in the history of the Arctic Circle.

The names of the castaways and of their small motor ketch which, a year ago, was dashed to pieces on the coast of the inlet, could not be ascertained from the brief wireless messages received from the "Thetis" Thursday, Sept. 10. Such a rescue mission, involving a long and arduous journey, was never before in the history of the Arctic Circle.

Last summer, according to the radio dispatches, an intertidal ketch, which was to be used for the purpose of the rescue, was to be used for the purpose of the rescue, was to be used for the purpose of the rescue, was to be used for the purpose of the rescue.

TWO COUPLES WED IN

FOUR MINUTES ON BAY LINE

Probably a new world's record for hasty marriage was created last week on the Hudson Bay Railway at Mile 214, when Archibald Farley of the Anglican church, passing through on the Canadian National, very promptly performed a double wedding in slightly less than four minutes.

The two couples arranged by wire

that everything would be set for the happy event during the short stop the train would make. As soon as the engine chugged into the station the Anglican rushed from the train and shot the question to the two pair in machine-gun fashion.

There is no time for hesitating in a wedding service on the Bay line, because there may not be another minute or prices along the line for another three months.

Town & District

J. Niel, the local millman announces a substantial reduction in the price of mill beginning November 1st.

Miss Perkins of Calgary spent Thanksgiving holiday at the home of Mrs. Greer.

W. Ronnie of Drumheller was in town last Thursday looking up old acquaintances.

Doug Mattson, who is attending Normal school in Calgary, spent the week-end with his parents Mr. and Mrs. Mattson of Glendon.

Miss Betty and Margaret Crawford spent the week-end visiting Mr. and Mrs. Chas. Thompson.

Now that the world series is over what will the local sports do to make spectators to let on.

T. H. Beach announces that he will hold an auction sale on Tuesday, Oct. 20th, at 1 p.m. sharp, of J. R. Farling's farming equipment. This sale will take place at Mr. Farling's farm two miles directly north of town.

Thanksgiving day was a very quiet day in Glendon. Very few people celebrated the event with a big turkey feed. Glendon people are not accustomed to big feasts at Thanksgiving time.

Miss Agnes McPhail will speak in Glendon on Nov. 3rd. This information just received and details of meeting will be given next issue. One thing is known and that is the meeting will be free and open to all.

Our United Church is to be favored by a visit from a neighboring pastor. We are looking forward to a real treat.

The Maple Leafs and the Rough Riders played football on Monday afternoon on the local diamond. The Rough Riders came out on top with a 15-11 score.

Jack Ellison, of the R.C.M.P., was in the horse swapping business last week at Strathmore. He traded his old mare for a prancing young critter that will out run any horse in the district.

Bert Reid recently purchased the house occupied several years ago by V. Ramberg, located opposite Geo. Hunter's home. Monday he moved the house to a lot just across the street from W. Sutermeister's home. With the improvements he will make the building will help to improve the appearance of that street.

Monday was the warmest day we have had for sometime. Handkerchiefs were in great demand to remove moisture that gathered on everybody's brow.

We welcome Brownfall back to our columns this time. One thing about Brownfall he helps to dispel gloom and if you read his stuff in the proper spirit you cannot help admit that fact.

Last week we published a note wondering where the Alberta dust storm had gone to. We found one Friday afternoon in fact everybody found it was a peach. The best one to hit town for some weeks. Along about 3:30 p.m. the sky to the west grew dark then ink black with the sun shining brightly overhead in a few minutes the sun disappeared. People could be seen hurrying to and fro getting their small children in, taking clothes off the line etc. As the storm approached it made a wonderful sight with its black background and reaching high into the heavens and the dust here and there rising straight up. When the storm hit town it blotted out everything. Within a few minutes the world began to light up again and by six o'clock the storm had blown itself out.

Musical Crusaders to Resume Travels

With its network of twenty-six broadcasting stations linking Halifax, Nova Scotia, with Victoria, B.C. the Canadian Pacific Railway, now of music on Friday evenings gives a very complete coverage of Canadian radio listeners. The programmes planned for the winter season 1931-1932 will consist chiefly of musical travelogues, interpreting the music of various European and Mediterranean countries. Programmes on similar lines were provided last winter by the celebrated Ensemble known as the Musical Crusaders and these brought in so many letters from intending visitors to Europe who desired further information on the subject, and also from new Canadians of European origin settled in Western Canada, that this type of program has been selected for the coming season as being useful as well as entertaining.

This season's vast amount of research which has been undertaken for the Canadian Pacific Radio department by George M. Hewes, well known organist and composer of Montreal. Each hour of music includes approximately 20 selections, so that for the series of 15 musical travelogues which has been planned, Mr. Hewes has had a vast amount of 300 numbers, each with its special interest and its own particular phase of the country concerned.

These musical travelogues will be interpreted by the Musical Crusaders under the direction of the Heather, assisted by Rex Battle's Royal York Concert Orchestra, supported by a specially designed radio organ built by J. P. Pettit of Montreal. There will also be short articles of various nationalities for certain of the programmes.

The series commences on October 5th with a programme of music from Norway, followed on October 9th by a programme of music from Denmark and following that, on October 13th, there will be a programme of music from Spain, French and German music, and concertos.

Illustrating the music of Sweden, Poland, Italy, Belgium, Austria, Czechoslovakia, Greece, Turkey, Poland, Hungary, Egypt, Scotland and Ireland. Interspersed in these musical travelogues will be other general programmes for instance, a programme of music under the direction of J. P. Pettit, of London, Ontario, on November 20th. This series of programmes will be of great educational interest as well as being highly entertaining, and will undoubtedly prove one of the major attractions of the coming season.

Don't Grope in the dark

MANY do their buying as though they were blindfolded —"I'll try this" or "I think this will do." These have the vaguest idea of what they want as they spend large slices of the family income. Others read the advertisements regularly and buy with their eyes open. They know what they want before they go to buy.

Advertisements are beams of light on merchandise. They reveal to you the latest and best products and improvements of the manufacturers and merchants.

Advertisements are a record of progress. They are interesting and instructive news of the business world. They light the way to better buying. Read advertisements regularly and live better at less cost.
